SATURDAY MORNING INSPECTION

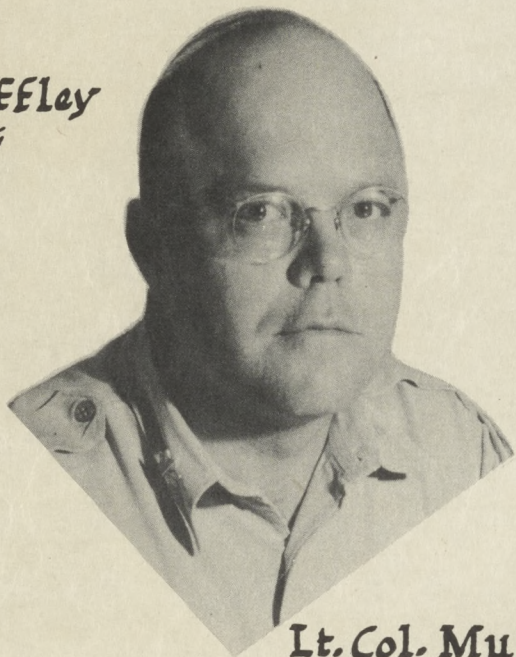

To the Members of the Regiment....

I have considered it an honor to command this Regiment
 You have made my work easy by your fine spirit and your
 devotion to duty. Such qualities will bring us victory...
 God willing, our history will fill many more books of this
 size and be a great source of pride to all
 . . . It is my hope that this book will help to cherish the
 memories of days spent together during the formative
 period of our history. A glance at the pages will show that
 we have worked hard. May the work not have been in vain,
 but instead, help us to conduct ourselves with glory on
 the battle field. .
